Request for Prior Authorization for Botulinum Toxins Name
Website Form – www.wv.highmarkhealthoptions.com
Submit request via: Fax - 1-833-547-2030.

All requests for Botulinum Toxins require a Prior Authorization and will be screened for medical necessity and appropriateness using the criteria listed below.

Botulinum Toxins Prior Authorization Criteria:

For all requests the following criteria must be met in addition to the diagnosis specific criteria below:

- Must be prescribed for an FDA-approved or medically accepted indication
- The requested dose and frequency is in accordance with FDA-approved labeling, nationally recognized compendia, and/or evidence-based practice guidelines
- Must be age-appropriate according to FDA-approved labeling, nationally recognized compendia, or evidence-based practice guidelines

Coverage may be provided with a diagnosis of **chronic migraine** as prophylaxis and the following criteria is met:

- The member has at least 15 headache days per month for at least 3 months with headache lasting at least four hours per day
- Must provide documentation showing the member has tried and failed for at least 2 months (at optimal or maximum tolerated dose) or had an intolerance or contraindication to at least three migraine prophylaxis agents (e.g., topiramate, propranolol, metoprolol, divalproex, sodium valproate)
- **Initial Duration of Approval:** 12 months
- **Reauthorization criteria:**
- Documentation of clinical benefit and tolerance to therapy.
- **Reauthorization Duration of Approval:** 12 months

Coverage may be provided for any non-FDA labeled indication if it is determined that the use is a medically accepted indication supported by nationally recognized pharmacy compendia or peer-reviewed medical literature for treatment of the diagnosis(es) for which it is prescribed. These requests will be reviewed on a case by case basis to determine medical necessity.

When criteria are not met, the request will be forwarded to a Medical Director for review. The physician reviewer must override criteria when, in their professional judgment, the requested medication is medically necessary.
